

1st International Virtual Aerophilatelic & Astrophilatelic Exhibition February 15–23, 2025

www.amsipex.com

Dear all,

We now have a little over 1.5 months to go for the start of AMSIPEX-25 (www.AMSIPEX.com). With entries closing on 25th December, we have crossed a major milestone. We have about 80 entries with over 250 frames in the competitive and invitee class combined, and these come from over a dozen countries worldwide. We also have over 15 entries in the Literature class. I am very pleased with the response. Being our first event, it was difficult for me to set any target for ourselves, but we stand tall if I compare with Aero & Astro exhibits in other FIAP and FIP shows.

All these will be available for on-line viewing from 15 February 2025 once our show is launched. We also have a Court of Honour with 3 outstanding Large Gold medal winning exhibits for you to enjoy. Our jury panel is again something we are proud of; perhaps the best qualified and experienced jury in the world, who come from 7 different countries across 4 continents.

I am very fortunate to have a team of committed volunteers who are working very hard to make AMSIPEX-25 a success. I will write about them and their contribution in subsequent updates. More information on all these will be posted on our website.

Until then, Seasons Greetings for a Merry Christmas and a Happy New Year.

Piyush Khaitan (PK)
